**Recommended Motion (all motions must be positive in nature):**

I move to approve the request from the Fire Department for permission to establish EMS Billing Rates.

**Summary/Background/Alternatives Considered (include relevant timelines and previous Council action taken, if any):**

To complete enrollment in the One Billing Solutions program, EMS billing rates must be established. Rate data was collected from current ground EMS transport provider, Castle Rock Hospital District. The proposed rates for the Fire Department mirror those rates.

**Fiscal Impact:**

Will generate revenue for EMS services; however, the exact quantity is unknown depending on actual call volumes, administrative fees, and mandated rate reductions from Medicare, Medicaid, and private insurance companies.

Memo

Subject: EMS Billing Rates

To: Max Mickelson, Mayor

CC: Mary Seals, Assistant to the Mayor

From: Jim Wamsley, Fire Chief 

The Rock Springs Fire Department is completing the enrollment in the billing program from One Billing Solutions. As part of that process, we must establish our billing rates. To determine what those rates should be set at, we inquired about rates at the current ground EMS Transport provider – Castle Rock Hospital District. The proposed rates mirror those of Castle Rock Ambulance Service. These rates are known as “Chargemaster Rates” and are similar to the MSRP of a new vehicle. Insurance companies and public programs such as Medicare & Medicaid negotiate or establish their own rates. In many cases those rates are much lower than the published rate.

Rate Schedule:

Table 1: Rock Springs Fire EMS Rates
